## POLICY ON QUALITY AND HEALTH AND SAFETY IN THE WORKPLACE

Campodarsego, 06/07/2011

CHIMAB has been a distributor of ingredients, additives and flavours for the food industry since 1985.

In 1998 it also started the production of semifinished food products, mostly in powder form, to meet the specific needs of customers and market requirements.

Subject to complete conformity with the current legislation on the products supplied, CHIMAB intends pursuing the priority strategic objective of **Customer Satisfaction and Ongoing Improvement** through:

- ❖ The supply of products meeting the specified requirements, with particular reference to chemical, physical and microbiological quality;
- ❖ Full compliance with delivery times;
- ❖ The development of products to customer requirements;
- ❖ Competent and professional before-sales commercial assistance;
- ❖ Qualified after-sales technical support;
- ❖ A qualified supplier base;
- ❖ A storage structure and rooms for mixing and preparation, complying with the health-hygiene standards envisaged for the food sector.

**CHIMAB also pays particular attention to health and safety in the workplace.**

To achieve the above-mentioned objective, CHIMAB has:

- ✓ A General Management that supports its own Policy with continuity, through planning, ongoing improvement and availability of adequate resources;
- ✓ Trained personnel, aware of the objectives of Quality and Safety in the workplace;
- ✓ Work activities complying with the regulations on Health and Safety in the workplace, in order to prevent work accidents and sickness;

- ✓ Appropriate means for identifying and monitoring the plants, regarding safety during activities in progress, considering the actions to be taken in order to prevent accidents;
- ✓ Necessary measures so that suppliers, contractors and hired workers on the premises respect the company regulations pertaining to them regarding matters of safety at work.

Management also undertakes to:

- ✓ Periodically review and reappraise the present Policy, the Quality Management System and Health and Safety in the workplace, annually defining the reference objectives so that they are always adequate for company activities;
- ✓ Cooperate with the control bodies and organisations appointed to enforce the current applicable regulations;
- ✓ Strengthen the culture and commitment, creating awareness of the responsibilities of everyone regarding matters of Health and Safety in the workplace;
- ✓ Ensure that the industrial processes are planned, implemented, managed and maintained, considering Health and Safety in the workplace as one of the priorities.

Management are aware that striving for increasingly better levels of Health and Safety in the workplace is a key success factor for the company's economic growth and social role.

Management undertake to make this policy known to all the parties concerned.
